

VOLUME 67

### "Christian Home Life" Theme Of Services At First Baptist

"Christian Home Life" will be the theme of a special series of services and conferences at the First Baptist Church beginning Sunday morning, April 4, and continuing through Wednesday evenging, April 7. Guest speaker and conference leader will be Mrs. J.O. Williams of Nashville, Tennessee. Mrs. Williams is widely known as a religious edu-

cator and Bible scholar. She is a conference leader for young people on college campuses, assemblies, retreats and conventions across the United States. She has contributed articles to various church periodicals and has written two books for young people that have been translated into six foreign

languages. Mrs. Williams will Azalea Club speak in both worship services at First Baptist To Sponsor Church this Sunday, and in a 7:30 worship service each evening Monday through Wednesday. She will also Parade

WHY DOES GOD CARE?

about each one of us? This question has always plagued the mind of man. It will probably never be completely answered to his satisfaction until he sees and believes the evidence of man's importance to God: Thou hast made him a little lower than the angels. It remained for Jesus Christ to reveal the love of God. Sunday — World Communion Day —

Christians will unite in the sacrament which is their richest experience of the glory and honor God has given. The world over, men will rejoice in the Divine Love, so far-reaching, that God gave His Son for

can you afford to get less from your feed!

■ PRODUCE PORK FOR \$8.50 PER 100 LBS. TOTAL FEED COST ■ BIRTH TO MARKET IN 4½ TO 5½ MONTHS

■ BUILD A 50-LB. FEEDER PIG FOR ABOUT \$300 ■ SAVE ON GRAIN—SAVE ON PROTEIN

■ NO SECRETS-YOU KNOW WHAT YOU'RE FEEDING . . . AND GET RESULTS

HERE'S HOW: Everything considered, it still takes balance and good care to get that baby pig up to fattening weight fast and in good health. On the Watkins Min-Vite Program you know your hogs are getting these nutrients and they're getting to market at the best price. Min-Vite is a concentrated pre-mix that supplies guaranteed amounts of vitamins and minerals, plus an antibiotic.

You build this premium feed at less cost per 100 lbs. with Min-Vite because you build your own high performance feed using home-grown grain and local protein. There's no magic . . . it's simply a sensible program that saves you moneyand gets your hog to market quicker and less expensively. Can you afford to get less from your feed?

"I'm using Vernam" on my peanuts this year because...

"It controls nutgrass; many annual grasses and broadleaf weeds too, like annual morningglory, coffeeweed and pigweed." VERNAM is a liquid. It's easy to use just spray it on at planting time and mix it in. It controls weeds as they germinate and eliminates early competition for soil nutrients, moisture and sunlight. VERNAM saves you time and money on hand hoeing and cultivating. Since you get rid of early cultivations, your crop will have less chance of falling to Southern stem blight. VERNAM does not cause soil residue problems from year to year. It will not

injure future crops planted in rotation.

And you can spray it near other crops

without harm.

Use VERNAM on your peanut land this year. It saves you labor and money - it helps you produce better yields by controlling weeds. Need we say more? Stauffer Chemical Company, Agricultural Chemical Division, 380 Madison Avenue, New York, N.Y. 10017.
